On 17 January 1963 the French Fluxus artist Robert Filliou announced that Art was born 1.000.000 years ago, by throwing a sponge into a bucket of water. Since then we celebrate *l'Anniversaire de l'Art* worldwide. This year HOK Gallery participates in the event and you can join in by completing this form. Bring it along to the party at the gallery, or send it in by e-mail: 1000057@ladelart.com or by post to HOK Gallery, Mauritskade 77, 2514 HH The Hague, The Netherlands. Art's 1.000.057th birthday on 17 January 2020 is also the start of Bob Lens's expo *Bureau Imaginaire - Individual Situations* at HOK Gallery, running until 22 February 2020.
